

Purpose Statement

Through cooperation, collaboration, and commitment to one another and the families with whom we work, the Lassen County Special Education Local Plan Area (SELPA) will ensure that all students with disabilities have access to high-quality education programs that enable them to be productive citizens of a global community.

Fiscal Responsibility

Manage and allocate SELPA resources to maximize program delivery while ensuring the needs of all students in the SELPA are met.

Sustainability

Delivery fiscally sustainable programs that address the ever-changing needs of our students.

Compliance

Follow federal and state laws and comply with local policies and regulations.

Professional Development

Provide high-quality, ongoing, strategic professional development to all staff.

GUIDING PRINCIPLES

Collaboration

Work in partnership with districts, families, and communities.

Trust and Transparency

Maintain an open decision-making process and act with compassion and integrity, while honoring our commitments.

Equity

Students with disabilities are general education students first and full members of their school community. We provide opportunities for them to succeed in the least restrictive environment with supplemental programs and services.

Evidence-Based, Data-Driven Decisions

Rely on evidence and data in establishing and supporting SELPA policies and procedures.
